Here's a selection of our deals undertaken in July 2019...

Leisure

£600k
Business Finance

Reward supported a Private Equity house to acquire a substantial stake in a health club operator

The structure of the funding meant that their cash could only be used for the acquisition, and additional debt was required as a short term fix to get the deal over the line

Reward was contacted as the transaction was urgent and the mainstream lenders could not adhere to the timescales – security was cash cover and a debenture

Engineering

£1.2m
Business Finance

Reward was approached to fund a pre-pack deal for a long-standing engineering company

Reward's proactive approach enabled the deal to be completed within the agreed timescales - saving over 100 jobs

Introduced by an insolvency practitioner

Property Developer

£275k
Business Finance

This client was seeking a bridging loan pending the sale of two commercial units and also required funding for a further development

The deal was turned around quickly and the sale of the commercial units repaid Reward's lending in full

Repeat finance deals are being planned with this client for further developments, due to the success of this first deal

Broker Introduced

Commercial Landlord

£250k
Business Finance

Following an amicable split with a business partner, which was settled using monies borrowed from the bank, our client created a tax liability in one of their Limited companies
